COUNSELING SERVICES

The school has a social worker who is available every day. Students can meet individually, in small groups, or in the classroom. Contact the social worker for more information.

ABSENCES / ATTENDANCE POLICY

It is the responsibility of the parent / guardian to ensure student school attendance; to inform the school when there is an absence; and to work cooperatively with the school to solve any attendance problems that may arise. It is important that a parent or guardian call the main school office if their child is going to be absent. If a call is not received at the office by 8:45 a.m., the school secretary will call to verify the absence.

Upon returning to school after an absence, students are to report to the school office with a note unless their parents have already called in the absence.

A student who leaves school during the day will be excused only through the office with the consent of his/her parent/guardian and must sign out and exit through main doors.

Excused absence indicates an absence from school with parent/guardian consent and school permission. The following absences are excused:

Appointments (dental, medical, vision, counseling or mental health) that cannot be arranged at another time. Student must present an appointment card.

Illness or injury during the school day. Serious illness in the student's immediate family.

Quarantine, hospitalization or death in the immediate family or of a close friend or relative.

Funerals with permission from parent/guardian.

Family trips and family emergencies.

Court appearance, probation visits, etc. Student must present an appointment card.

Religious activity participation.

Physical emergency conditions such as fire, flood, storm, impassable roads, etc.

School sponsored activity.

Suspension.

Parent requested and approved absences i.e. family vacations, family needs, hunting, fishing etc. Parents must submit a written request stating date/time and the reason for the absence prior to the absence.

Extended leave requests: Students who know they will be absent for an extended period of time (e.g. family trip) should notify the office and teachers prior to the absence. Students are responsible for obtaining all makeup work in advance of the absence. Extended absences will be recorded and count against the absence maximum.

Unexcused Absences include absences detected by the school and not verified by the parent as an excused absence other than those listed above. Any absences in which a student and/or parent/guardian fails to comply with reporting attendance procedure is unexcused. Examples of unexcused absences include but are not limited to:

Missed bus, overslept, truancy/skipping school.

Excessive visits to the nurse determined by the nurse and reported to the main office.

Car trouble, running late, not having the right clothing.

Child care of siblings.

Work at home or a business.

Any other absence not included under the attendance procedures set out in this policy.

The following procedure will be used in dealing with unexcused absences: Student and parent will be notified of the unexcused absence.

The school reserves the right to refuse excusing an absence when requests become excessive. Once a student and parent/guardian have been given notification, future absences will be unexcused unless documentation signed by a health care provider for absence is presented to the school.

TARDIES

Students who arrive at school after the start of the day need to check in at the main office. After 5 tardies parents will be notified. At 7 tardies parents will be contacted and a verbal plan put in place to address the issue. 10 tardies will require a meeting and contract to address punctuality. Continued tardiness will result in disciplinary action.

TRUANCY

Pursuant to state laws and regulations, students shall be in attendance each day that school is in session. Minn. Stat. 260A.02 provides that truancy is a student who is subject to the compulsory instruction requirements of Minn. Stat. 120A.22 and is absent from instruction in a school without valid excuse approved by Lake of the Woods School. Once a student reaches five days of absence, a letter will be emailed to the parent addressing truancy. A plan to attend school daily will be the expectation. If the plan is not followed and the student continues to have unexcused absences, a referral will be made to the County Attorney's Office.

APPOINTMENTS

Appointments for medical, dental, counseling, or other areas should be made outside of school time whenever possible.

CAMERA SURVEILLANCE

Lake of the Woods School is under camera surveillance at all times. Due to data privacy, monitoring is restricted to administration and/or law enforcement.

CANINE INSPECTIONS

Lake of the Woods School is contracted with Interquest Detection Canines, Inc. to provide random, unannounced inspections of all locations in the district. The canines are trained to detect the presence of illicit drugs, alcohol, prescription and gunpowder-based items. If prohibited items are detected and found, the district will initiate the appropriate disciplinary action.

CELL PHONES / ELECTRONIC DEVICES

Cell phones/personal electronic devices/earbuds may not be used during the school day 8:10 a.m. – 3:00 p.m. Devices must be turned off and kept in lockers.

If a cell phone/electronic device rings, vibrates, or is used for any reason, a staff member will confiscate the device and bring it to the high school office.

Refusal to surrender your device upon request is insubordination, which will result in disciplinary consequences, including suspension. Parents/guardians will be notified.

Extenuating Circumstances: Students who use their cell phone to monitor a medical condition (i.e. diabetes, epilepsy) may have their cell phone with them at all times, but must adhere to all other expectations of the cell phone policy. Contact the principal if there is an essential need for a phone for approval. In case of medical necessity or emergency, a student should have a health plan or prior approval.

Disciplinary actions will include:

1st Offense – Confiscation of electronic device(s) and parent/guardian will be notified. Student will pick up electronic device(s) at the end of their academic school day.

2nd Offense – Confiscation of electronic device(s) and parent/guardian will be notified. Parent/guardian will pick up electronic device(s).

3rd Offense and additional offences – Confiscation of electronic device(s) and parent/guardian will be notified. Parent/guardian will pick up electronic device(s). The student will no longer be allowed to have a cell phones/personal electronic devices in their possession during the school day (8:10 a.m. to 3:00 p.m.) for a period of 2 months. If students do not leave the device at home, they will bring it to the high school office before the school day begins (before 8:15 am) and pick it up at the end of their academic day. Students may not use electronic devices belonging to others during this penalty. If students are caught sharing devices, both will be disciplined accordingly.

Pictures and names in the school annual, website, and local newspapers are also considered directory information. Students or parents who do not want directory information released to the media should inform the high school office in writing by September 12th of each school year.

Students and parents/guardians have the right to access to school records. Student's records will not be disclosed to people outside of the school without the student's or parents/guardian's knowledge and permission, except by court order.

DETENTION

Faculty, support staff, and administrators may require a student to serve a detention as a disciplinary consequence. Detention will be during noon hour. A notice is sent to the parents (phone call or email) informing them of the incident and detention.

DISCIPLINE POLICY

In accordance with Minnesota Statutes, Section 121A.61 Lake of the Woods School has developed the following discipline policy.

All students shall be held responsible for their behavior and for knowing and obeying policies, rules and regulations. Teachers and coaches may have their own set of classroom rules as well as those stated in the student handbook.

Disciplinary action shall be taken against students for any behavior which is disruptive or which violates the rights of others. The following are examples of unacceptable behavior subject to disciplinary action by the School District:

Damage to or destruction of school property or the property of others, including, but not limited to, arson, breaking and entering, theft, trespassing, unauthorized usage, or vandalism;

The use of profanity or obscene language, or the possession of obscene materials;

DISCIPLINARY ACTION

All students are to act in a responsible manner. Students who are causing a disturbance when it disrupts learning of other students will be disciplined. Staff will contact parent/guardian by telephone, email, or use a detention or discipline referral form. If the student is too disruptive to be dealt with in the classroom, or repeatedly breaks the rules, the student will be referred to the principal. A student sent to the principal's office for disciplinary reasons, is to go directly to that office. If the principal is not in the office, the student may attend the next class period. The teacher will submit a written report of the problem as soon as possible.

The adult addressing the issue will deal with incidents in halls, in the lunchroom, or on the school grounds. Flagrant acts, repeated offenses or excessively disruptive actions that are referred to administration will result in further disciplinary action.

The principal may impose or recommend longer suspensions, expulsions or any other discipline as appropriate on a case-by-case basis.

Law enforcement will be notified if deemed necessary. In these situations, an attempt will be made to notify the parent/guardian. A parent conference will be held as needed for parental input in seeking solutions to your student's behavioral needs.

Disciplinary action may include but is not limited to: removal from class, conference with a teacher, school social worker, staff member, or principal, detention, loss of school privileges, parent/guardian conference with school staff, restitution, or referral to Social Services or outside agency, referral to law enforcement or other appropriate authorities, suspension, exclusion, and expulsion.

The above-described disciplinary actions are a representative, but not necessarily exhaustive, example of disciplinary actions that may be imposed against a student for violation of District policies and rules.

SUSPENSION

Suspension will be assigned for willful disobedience, habitually disobeying a school rule, habitual truancy, swearing or use of suggestive body language or gestures, use of vulgarity, theft, harassment, physical contact/fighting, use or possession of vaping devices, tobacco, alcohol, drugs/chemicals, or threatening the safety of others or for other reasons listed under discipline.

Suspension means action taken by the school administration prohibiting a student from attending the classroom for a period up to and including ten days. The school administration may not impose consecutive suspensions against the same student for the same course of conduct, or incident of misconduct, except where the student will create an immediate and substantial danger to self or to surrounding persons or property, or where the district is in the process of initiating an expulsion, in which case the school administration may extend the suspension to a total of 15 days.

Suspension may be in-school suspension or out of school suspension under the direct supervision of his/her parents/guardians.

The administrator will notify the student of grounds for suspension except where it appears that the student will create an immediate and substantial danger to self or to surrounding persons or property, in which case the conference shall take place as soon as practical following the suspension. At the informal administrative conference, a school administrator shall notify the student of the grounds for the suspension, provide an explanation of the evidence the authorities have, and the student may present their explanation.

The district shall make reasonable efforts to notify the parent/guardian of the suspension by telephone as soon as possible following suspension. In the event a student is suspended without an informal administrative conference because the student will create an immediate and substantial danger to surrounding persons or property, the written notice shall be served upon the student and the student's parent/guardian within 48 hours of the suspension. Written notice will include grounds for suspension, a brief statement of the facts, a description of the testimony, a readmission plan and a copy of Minnesota Statute Sections 121A.40 to 121A.56. Service by email is complete upon sending.

Students are not permitted to engage in school activities on the day of a suspension. The consequences apply regardless of whether the misbehavior took place in school, on district property, in a district vehicle, or at a school or district activity.

SUSPENSION PENDING EXPULSION OR EXCLUSION

A student may be suspended pending the school board's decision in the expulsion or exclusion hearing if alternative educational services are implemented to the extent that suspension exceeds five days.

"Expulsion" means an action taken by the Board of Education to prohibit an enrolled student from further attendance for a period that shall not extend beyond one calendar school year. The authority to expel rests with the Board of Education.

"Exclusion" means an action taken by the Board of Education to prevent enrollment or re-enrollment of a student for a period that shall not extend beyond the school year. The authority to exclude rests with the Board of Education.

All expulsion and exclusion proceedings will be conducted pursuant to, and in accordance with, the provisions of the Minnesota Pupil Fair Dismissal Act, Minnesota Statutes 127.26 through 127.39.

BULLYING AND INTIMIDATION

An act of bullying and/or intimidation, either by an individual or group of students is prohibited on school property, or at school functions. It is the district's intent to prevent bullying and intimidation and to act to investigate, respond, and discipline.

Bullying is a repeated action directed at a person or group of people by one or more people to cause intentional negative action. It means any written or verbal expression, physical act or gesture, direct or indirect actions, or a pattern of behavior by a student or group of students that is intended to cause distress to another. Bullying includes, but is not limited to harming a student, damaging a student's property, placing a student in reasonable fear of harm, creating a hostile environment for a student, or verbal taunting (name-calling, defamation, racist slurs, untruthful accusations, threats, suggestive remarks, etc.).

Upon receipt of a complaint/report of bullying and/or intimidation, an investigation by school officials, or a third party designated by school officials will commence. Steps will be taken to protect the reporter and students involved. Upon completion of the investigation, appropriate action will be taken that may include warning, detention, suspension, exclusion, expulsion, or transfer.

The school district will discipline or take appropriate action against any person who commits an act of reprisal or who retaliates against any person who asserts, alleges, or makes a good faith report of alleged bullying or prohibited conduct, who provides information about bullying or prohibited conduct, who testifies, assists, or participates in an investigation of alleged bullying or prohibited conduct, or who testifies, assists, or participates in a proceeding or hearing relating to such bullying or prohibited conduct. Retaliation includes, but is not limited to, any form of intimidation, reprisal, harassment, or intentional disparate treatment.

CYBERBULLYING

Cyberbullying is the use of electronic communication (SMS, text, apps or online social media, forums, gaming) where people can view, participate in, share content. Cyberbullying includes sending, posting or sharing negative, harmful, false, threatening, intimidating or mean content about someone else. The term applies to prohibited conduct which occurs on school premises, on school district property, at school functions or activities, on school transportation, or on school computers, networks, forums, and mailing lists, or off school premises to the extent that it substantially and materially disrupts student learning or the school environment.

DRUGS / CONTROLLED SUBSTANCES / ALCOHOL / TOBACCO

It is a violation for students to possess and/or use alcohol, intoxicating beverages, drugs, drug paraphernalia, controlled substances, mood-altering substances, misuse of over-the-counter drugs, or misuse of prescription drugs, product containing tobacco, lobelia or nicotine, alternative tobacco/nicotine/lobelia products, vaping devices and products, including but not limited to sticks, orbs, strips, snus, toothpicks, mints or nasal spray intended for human

consumption. The odor of alcohol or illegal substances on the breath or person of a student is cause for disciplinary action. Sale or attempted sale of alcohol, controlled substances, mood-altering substances or prescription drugs will result in an exclusion and/or expulsion. Reference MN Statute 144.4165.

Alcohol – refers to the possession, use or being under the influence of any alcoholic product while on the school grounds or at school sponsored activities.

Tobacco – refers to the possession or use of any type of tobacco product, vaping products, chewing, holding a lighted tobacco product, or exhaling of smoke from the mouth or nose on school property or at school sponsored activities.

Controlled Substance – refers to any illegal mood altering substance.

HAZING

Hazing means committing an act against a student, or coercing a student into committing an act that creates a substantial risk of harm to a person in order for the student to be initiated into or affiliated with a student organization, or for any other purpose. Hazing may include one or more of the following: physical brutality; physical activity or other type of activity that subjects the student to an unreasonable risk of harm that adversely affects the mental or physical health or safety of the student; any activity that discourages the student from being in the school; any activity that is in violation of the law or school regulations.

School principals are the persons responsible for receiving reports at the building level. The school district will act to investigate all complaints of hazing and will discipline or take appropriate action against any student, teacher, administrator, volunteer, contractor, or other employee of the school who is found to have violated school policy or law. This policy applies to behaviors that occur on or off school property and before, during and after school hours.

Discipline for students involved in hazing may include one or more of the following: conference with warning notice, detention, suspension, exclusion, expulsion, change of educational placement, remediation/counselor referral or other corrective action.

MSHSL consequences are in addition to school district consequences for students who engage in hazing.

SEXUAL / RACIAL / RELIGIOUS HARASSMENT AND VIOLENCE

The district and this school will not tolerate inappropriate remarks about or conduct related to a student or employee's race, color, creed, religion, national origin, sex, pregnancy, marital status, disability, age, status with regard to public assistance or sexual preference or identity.

Sexual Harassment is intimidation, bullying or coercion of a sexual nature, the unwelcome or inappropriate touching of the body, and suggestive comments taken by the victim to imply sexual activity. Unwelcome sexual conduct or language that intimidates, is hostile, offends a person or interferes with a person at work or while receiving an education is prohibited.

If you believe you are subject to offensive or discriminatory behavior of any kind, you should immediately report the behavior to the building principal verbally or in writing. Finally, students always have the option of reporting to any responsible adult in the school. The school will investigate all reports of offensive behavior promptly, fairly and completely. The school will handle each report discretely and respond to the report based upon its facts. The school may resolve the report by requiring the offender to apologize, receive individual instruction on harassment, transfer, seek counseling or training, be suspended, be dismissed, lose privileges or face other appropriate discipline.

This policy applies to every student, employee, teacher, administrator and board member in the district. Any person who believes he or she has been the victim of religious, racial or sexual harassment or violence by a student, teacher, administrator or other school personnel of the school district, or any person with knowledge or belief of conduct which may constitute religious, racial or sexual harassment or violence toward a pupil, teacher, administrator or other school personnel should report the alleged acts immediately to an appropriate school district official designated by this policy. The school district encourages the reporting party or complainant to use the report form available from the principal of each building or available from the school district office. Nothing in this policy shall prevent any person from reporting harassment or violence directly to a school district human rights officer or to the superintendent.

WEAPONS

No student or nonstudent, including adults and visitors, shall possess, use or distribute a weapon when in a school location except as provided in this policy. The school district will act to enforce this policy and to discipline or take appropriate action against any student, teacher, administrator, school employee, volunteer, or member of the public who violates this policy.

"Weapon" means any firearm, whether loaded or unloaded, any device or instrument designed as a weapon or through its use capable of threatening or producing bodily harm or death, or any device or instrument that is used to threaten or cause bodily harm or death. Some examples of weapons are guns (including pellet guns, look-alike guns and non-functioning guns that could be used to threaten others), knives, clubs, metal knuckles (used in a threatening manner), num-chuks, throwing stars, lasers, explosives, stun guns, ammunition and mace. A student who finds a weapon on the way to school or in the school building and takes the weapon immediately to the high school office shall not be considered in possession of a weapon.

No person shall possess, use or distribute any object, device or instrument having the appearance of a weapon and such objects, devices or instruments shall be treated as weapons including, but not limited to, weapons listed above which are broken or non-functional, look-alike guns; toy guns; and any object that is a facsimile of a real weapon.

No person shall use articles designed for other purposes (i.e., lasers or laser pointers, belts, combs, pencils, files, scissors, etc.), to inflict bodily harm and/or intimidate and such use will be treated as the possession and use of a weapon. "Possession" means having a weapon on one's person or in an area subject to one's control in a school location.

"School location" includes a school building, school grounds, whether leased, rented, owned, or controlled by the school, locations of school activities or trips, bus stops, school buses or school vehicles, school contracted vehicles, the area of entrance or departure from school premises or events, all locations where school related functions are conducted, and anywhere students are under the jurisdiction of the school district.

EMERGENCY / EVACUATION PROCEDURES / DRILLS

In order to be prepared for an emergency evacuation of the school, fire drills, lockdown drills, and tornado drills are conducted on a periodic basis. We attempt to impress upon the students the importance and seriousness of this safety precaution. It is hoped that continual practice in evacuation of a building will ensure rapid and orderly evacuation when an emergency should arise.

Fire Drills: Students will leave rooms as soon as the fire siren sounds, keeping to the side of the hall. Students should walk rapidly, but not run. When clear of the building, all school personnel should move quickly to west parking lot for roll call and instructions.

Crisis Drills: Students will be informed of the logistics for this drill via a public address system. Various drill scenarios will be conducted in accordance with our crisis management policy.

Tornado Drill: All students, staff, and other occupants of the building shall proceed immediately to pre-designated tornado shelter areas within the building. Inside your designated areas, everyone is to be in a sitting position with backs against walls or lockers, knees up, head between knees and hand over your head.
